

CHANGING LIVES

Not Just Surviving...but LIVING!

Contributions from past events have saved and changed lives forever!

"Libby's Legacy saved my life! I thank God for leading me to them. Libby's Legacy has been with me every step of the way from my Mammogram, all the way through my cancer treatments. I am alive because of all those who support this foundation and I thank you."

"I can't even begin to tell you how much our trip together meant to our family. We hadn't gone on a vacation with all 5 of us in over a decade. Having a week during which we could just be together to relax and enjoy each other's company for what we did not know would be the last time, is the greatest gift our family has ever been given."

- Daughter of trip recipient Lori Keating who passed away 2 weeks after their return in 2009.

"The memories Libby's Legacy gave my husband and I through our Alaskan Cruise are forever stamped in my heart and are there to draw from when my treatments make me weary. Thank you to all who support Libby's Legacy."

- Ellen Stephenson - Stage 4 Breast Cancer Survivor.
